Manufacturing,
Senssthus Inc., CA, USA

Prof. C.B. Singh, HOD,
Institute of Economics and
Finance, Bundelkhand
University, Jhansi,
U.P.

ABOUT THE WEBINAR

This international webinar intends to ponder on the predicament that COVID-19 has left us in, as a prospective opportunity to make India self dependent and consequently make this predicament into a harbinger of a paradigm shift towards a bright future for the youth of the country and young entrepreneurs in particular. In order to achieve economic self-reliance, our honorable Prime Minister Shri Narendra Modi has befittingly stressed on the mantra 'vocal for local'. Ensuring that this mantra is not ignored, the Government of India is focusing and leaving no stone unturned to achieve 'Atmanirbhar Bharat', thereby, pushing for a scenario where we can adhere to competitive indigenous alternatives instead of relying on foreign resources. Hence, this Webinar will be about making a conscious effort towards analyzing and discussing the concept, aspect and prospects to do so.

*Micro, Small, and Medium Enterprises (MSMEs)
Rural Entrepreneurship
Health and Well-being
Science and Technology
Education and Research*
